

Cascadia Coalition Against Hate and Hate Filled Ideologies

Cascadia

The Flag, and the Cascadian "movement" is NOT affiliated with any hate group and in fact the ideas of bioregionalism are contrary to hate. We do not condone or tolerate the use of this flag coupled with any hate or discrimination.

We stand together with solidarity, in defiance of hate and hate filled ideologies:

Free Cascadia
Temple of the Gnarled Oak
Bioregion Legion
H.O.A.R.D.D
Bikes and Beyond

We believe these tenets; respect, justice, equality, and that these will aid in preserving and nurturing our home, the cultures of individual communities, and their interactions.

We make this statement against hate and hate filled ideologies, because of a recurring political climate where individuals and even groups seek to co-opt the Cascadia name and popular icons, for intent that goes against the very principles of bioregionalism, and instead attribute them to their hateful practices.
